

## SONNETS OF BEAUTIFUL WONDERS

How do I love horses, let me count the ways  
The love of five beautiful majestic creatures  
Is like no other. The feeling of calmness I get  
From listening to them eat hay. The vrrmm coming  
from the road brings eagerness at the gate to greet  
us for food, a ride, or just a gentle hug. The amazing

Love, honesty, loyalty, and trustworthiness they all

offer our family is like the royal family. Its amazing  
how much energy they use when running and  
cutting cattle with careful eyes—brings me  
pride that “Yes, we are family and they are  
ours.” So many others watch with envious eyes

for what we have because of all their wonderful  
characteristics and love for us.
